

# POST-65 MEDICARE ELIGIBLE RETIREES

The Florida School Retiree Benefits Consortium (FSRBC) is an extension of Duval County Public School's (DCPS) benefit offerings for 65 and older. Medicare-eligible retirees, from Duval County Public School's, are eligible to enroll in high-quality, comprehensive, and competitive Medicare Medical plans. Medicare-eligible retirees and Medicare-eligible spouses from Duval County Public Schools that are enrolled in Medicare Parts A and B are eligible to enroll in the FSRBC program.

- Reasons to Consider Enrolling in a FSRBC Plan:**
- Plans available through FSRBC generally have **lower member out of pocket cost** than the plans available in the general marketplace. Other benefits include:
  - Group plans have a much **richer drug benefit** with a **broader network** and are not available outside of the Consortium
  - Comprehensive drug formularies give retirees **access to more prescriptions**
  - **National PPO provider networks** for group MAPD plans
  - MAPD **plans start at \$0 monthly premium**
  - **Variety of plan options** to meet your health and financial needs
  - **Enhanced concierge services** with weekly virtual classroom sessions and one-on-one educational sessions with FSRBC staff.
  - Enhanced payment options with **FRS Pension deductions** – Health insurance subsidy dollars are not considered taxable income by FRS if you have your premium dollars deducted from your pension check.

## Retired and under 65 – Want to learn more about Medicare Medical Plans?

Join us for a FSRBC Medicare Seminar or Virtual Classrooms to learn more about signing up for Medicare and understanding Medicare Supplement, Medicare Advantage and Prescription Drug Plans.

**See next page for information about the 2025 FSRBC Annual Enrollment**

## FSRBC 2025 Annual Enrollment

- Annual Enrollment will be held from October 28 through November 5, 2024
- The standard Part D benefit has been updated to reflect the Inflation Reduction Act changes that will take effect January 1, 2025. The impact is a redesign of the current Prescription Drug Plan (Part D) plan.
- FSRBC will be hosting FREE Webinars to review all 2025 information (including the Prescription Drug changes), please visit [www.myfsrbc.com](http://www.myfsrbc.com) to learn more.
- **If you are currently enrolled in a FSRBC plan** and are happy with your current coverage and want to continue that coverage into 2025, no action is required as your current benefits will roll over to 2025 at the 2025 premiums.
