# Key Things to Know

## Welcome To Your Plan Year 2025 DCPS Retiree Benefits Open Enrollment

It is time for you to enroll in your health-related benefits for Plan Year 2025.

Duval County Public Schools is grateful for your dedication to the children of Duval County and your years of service to the school system, and we are pleased to offer these benefits.

### Medical Updates for Open Enrollment 2025!

This year marks significant changes in our medical plans for the upcoming year. Florida Blue now offers three medical plan choices: a Low HMO, a High HMO, and a PPO plan. Please note this year's Open Enrollment is **MANDATORY**. This means you are required to enroll in your benefits, especially medical coverage. Failure to select a medical plan will result in a defaulted enrollment based on current plan coverage. For all HMO plans, you must choose a primary care physician during the enrollment process.

If you are not enrolled in medical coverage for 2024 but have other benefits, those benefits will continue for 2025 if you make no changes during Open Enrollment. If you currently participate in a medical plan, you will experience a rate increase for you and your dependents for 2025 coverage.

**If you would like to make a benefits change**, please download the 2025 Enrollment Form by visiting: [dcps.fbmcbenefits.com/retiree/](https://dcps.fbmcbenefits.com/retiree/) -OR- contact FBMC's Benefits Service Center at **1-855-569-3277** to request an enrollment form, or email [svccenter@fbmc.com](mailto:svccenter@fbmc.com). Please complete and return the form to FBMC, postmarked by **Nov. 12, 2024**. Mailing instructions are included on the enrollment form. If you make any changes, you must complete the enrollment form in its entirety. This includes all benefits you have selected – even those you wish to continue.

**The information in this guide is a summary and does not include all terms and conditions of the benefits. Please refer to the policy and certificate of coverage for complete details.**

### IMPORTANT DATES TO REMEMBER

Your Open Enrollment dates are:

**Oct. 14, 2024 through Nov. 8, 2024**

Your period of coverage dates is:

**Jan. 1, 2025 through Dec. 31, 2025**

**If you or your spouse is approaching age 65, please contact the Social Security office about applying for Medicare Plans A & B or visit [www.ssa.gov](http://www.ssa.gov).**

### What is New This Year:

- **New Medical Plans: Low HMO, High HMO, PPO**
- **Rate changes for all medical plans**
- **Teladoc**

### If You are Over Age 65

The Florida Schools Retiree Benefits Consortium (FSRBC) will continue to oversee the enrollment and management of your **Medicare Advantage Plans, Supplemental Plans, and PDP**. If you are currently enrolled in any of these plans and wish to make changes, or if you wish to enroll in any of these plans, you will need to follow the enrollment instructions provided to you by FSRBC. If you have any questions regarding your 2025 FSRBC benefits, please contact FSRBC directly at 1-833-686-0983.

# Eligibility & Payment

## Who is Eligible?

**Retirees** – A retiree is a former employee of Duval County Public Schools (DCPS) who has met the definition of retirement under the Florida Retirement System (FRS).

**Retiree's Spouse** – A person to whom you are legally married and currently enrolled in a DCPS-sponsored plan.

**Retiree's Child(ren)** – A biological child, legally adopted child, stepchild, child for whom you have legal guardianship, or foster child, and currently enrolled in a DCPS-sponsored plan. Children are eligible for Medical, Vision, and Dental coverage until the end of the month they turn 26.

**Disabled Child(ren)** – Current dependent children are eligible for continued coverage after they reach age 26 provided their disability occurred prior to their 26th birthday. A physician's statement must be provided to substantiate the dependent's disability status.

## Payment and Billing FRS Deductions

Premium payments can be submitted through FRS payroll deduction. FBMC requires a completed and signed FRS payroll deduction authorization form if this method of payment is used (see bottom of the form for submission instructions). FRS deductions are scheduled to deduct on the 22nd of the month prior to the month premium is due.

**If you are a new retiree, until FRS deductions begin, payment by personal check or money order is required.**

If you are currently under FRS deductions for your insurance and your premium(s) exceed your retirement check, partial deductions will not be taken.

If you have a change in coverage that results in an increase in the premium to be deducted from your FRS retirement benefit, or if there is a delay from when you enroll in a benefit and your premiums start being deducted from your FRS check, you may need to pay the difference by check or money order until your deductions are paid-to-date. FBMC will automatically deduct up to \$100.00 monthly in additional funds from your FRS check until your account is paid-to-date if you do not send in payment. If you wish to send in a payment for your premium should you owe a balance due to a new benefit enrollment or change in premium or coverage, please remit your premium(s) to FBMC Benefits Management, Inc.

Be sure to monitor your January 1, 2025 FRS check to verify that your new premium deductions took place. If you have any questions regarding your premiums, please contact FBMC Service Center toll free at 1-855-5MYDCPS (1-855-569-3277).

## ACH Deductions

If you wish to make a payment via an automatic deduction from your bank account, please fill out the ACH Authorization Form that is included in this packet and return to FBMC (see bottom of the form for submission instructions). ACH deductions are scheduled to deduct on the 22nd prior to the month premiums are due. Please allow two to three business days for the ACH deduction to clear your account.

## Direct Bill

If you choose Direct Bill, you will receive a monthly statement. You must pay your premiums by the 1st of each month, and FBMC must receive your payment no later than the 5th of each month so that your benefits will not be terminated.

## Payment Not Received

If payments have not been received by the end of the month, FBMC will terminate your coverage. If your benefit is terminated with FBMC, you will no longer be able to participate in your retiree benefits plans. Please send payments to:

**FBMC Benefits Management  
PO Box 746907  
Atlanta, GA 30374-6907**

If we receive a check from you, and your check does not clear for insufficient funds or a closed bank account, you will receive a notice from us. You will need to re-submit a payment to us within 10 days from the date of notice in order for your coverage to remain active.

## Changes to Coverage

Any changes to your retiree benefit(s) will require your written authorization submitted to FBMC Retiree and Direct Bill Department at: [directbill@fbmc.com](mailto:directbill@fbmc.com) or fax to 866-836-9943. As soon as FBMC Benefits Management, Inc. receives your written request and processes your change, any excess premiums will be refunded within 60 days.

If you would like to change or cancel your Allstate Critical Illness, AFLAC, Trustmark or Unum benefits, **you must contact the provider directly**. You can locate their contact information in the provider directory included in this reference guide. To cancel PetPlus, Identity Theft Protection, IT Please Whole-Home Technical Support or Ameritas - SoundCare, use the form in this book.

If you are having FRS deductions for premium payments, any required refunds will be completed as soon as verification is received that FRS has changed your deduction. Any coverage you select to cancel cannot be reinstated after 30 days.

Please send all written cancellation requests to:

**FBMC Benefits Management, Inc  
Retiree and Direct Bill Department  
PO Box 10789, Mail Slot 32  
Tallahassee, FL 32302-2789**

**It is your responsibility to respond to insurance companies' periodic inquiries about dependent eligibility. Failure to provide timely dependent verification information will result in loss of dependent coverage.**

# Medical Plans (Under 65 Only)

Florida Blue will continue providing medical administrative services for the new plan year (January – December 2025) to those members who are under the age of 65 or for retirees who are over 65 and not Medicare-eligible. An HMO option is available, but you must select a primary care provider. HMO does not cover out of state services or the Mayo Hospital. A Primary Care Physician can be selected at the time of enrollment or after January 1st, 2025 by contacting FL Blue at 1-800-664-5295. Also, there is one PPO plan, which is open-access and does not require you to choose a primary care physician. You may pick the physician of your choice. However, to receive your maximum benefit, you should select an in-network doctor from participating Florida Blue, Blue Options (Network Blue) providers found at [floridablue.com](http://floridablue.com).

**65 and Over:** Retirees age 65+ and Medicare eligible are given the option to enroll in one of the Medicare Supplement or Medicare Advantage Plans and/or one of the Medicare Part D Pharmacy Plans through the Florida School Retiree Benefits Consortium (FSRBC). Please contact FSRBC directly at 1-833-686-0983 or visit [myfsrbc.com](http://myfsrbc.com).

# Dental Plans

## Dental Care Benefit Options

Delta Dental Insurance Company offers two choices for dental coverage: the Delta Dental PPO Option Plan and the DeltaCare USA Plan.

### Added Value

Lasik and hearing aid discounts are now available to all Delta Dental enrollees. You can save an average of 62% off of top-brand hearing aids, and 40-50% off the national average price for traditional Lasik.

## Delta Dental PPO Option Plan

### How the PPO Program Option Plan Works

The Delta Dental PPO Option Plan allows each person covered under the plan to have the freedom to visit any dentist. There may be a savings advantage to receiving care from a PPO Dentist because your out-of-pocket costs tend to be lower than visiting a non-Delta Dental dentist.

When you visit a PPO Dentist, payment is based on the PPO fee schedule. The PPO Dentist has agreed to accept this fee as the approved amount. Although you are responsible for deductibles, coinsurances and any expenses above the maximum, a PPO Dentist cannot bill you for any covered charges above the approved amount.

In addition to PPO Dentists, Delta Dental has Participating Delta Dental Premier® Dentists. PPO dental providers provide the most savings.

Although you are responsible for deductibles, coinsurances and any expenses above the maximum, Premier dentists have an agreement with Delta Dental not to charge you more than the approved amount.

In Florida, the Delta Dental PPO is underwritten and administered by Delta Dental Insurance Company.

## DeltaCare USA Plan

### How the DeltaCare USA Plan Works

The DeltaCare USA Plan features include:

- No maximum benefit, except for accidental injury
- No claim forms to complete
- Budgetable and predictable
- Co-pay for orthodontics - No waiting periods
- No co-pays for basic cleanings (2 per calendar year)
- Specialty care is covered by referral from your primary dentist at the same defined co-pays as general dentists

### Accident Injury Benefit

An accidental oral injury is damage to the hard and soft tissue of the mouth caused directly and independently of all other causes by external forces. Damage to the hard and soft tissue of the mouth from normal chewing function is covered under your Plan FLM08 Description of Benefits and Copayments.

### Contact Information for DeltaCare USA Plan

# Notices

## COBRA Overview

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event, also called a “qualifying event.” After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event.

## HIPAA PRIVACY

The Plan complies with the privacy requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA). These requirements are described in a Notice of Privacy that was previously given to you. A copy of this notice is available upon request.

## HIPAA SPECIAL ENROLLMENT NOTICE

If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption. To request special enrollment or obtain more information, contact your Plan Administrator.

## CREDITABLE COVERAGE NOTICE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Florida Blue has determined that the prescription drug coverage offered by Florida Blue is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

### When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from Oct. 15 to Dec. 7. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

### What Happens to Your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Florida Blue coverage will be affected. You can keep this coverage if you elect to join a Medicare drug plan, and your Florida Blue health plan will coordinate your benefits with

Medicare for drug coverage. See pages 7-9 of the CMS Disclosure of Creditable Coverage to Medicare Part D Eligible Individuals Guidance (available at <http://www.cms.hhs.gov/CreditableCoverage/>), which outlines the prescription drug plan provisions/options that Medicare-eligible individuals may have available to them when they become eligible for Medicare Part D.

If you do decide to join a Medicare drug plan and drop your current Florida Blue coverage, be aware that you and your dependents will not be able to get this coverage back.

### When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Florida Blue and don’t join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

NOTE: You’ll get this notice each year. You will also get it before the next period you can join a Medicare drug plan and if this coverage through Florida Blue/CHP changes. You also may request a copy of this notice at any time.

### For More Information about Your Options:

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).**

## WOMEN'S HEALTH AND CANCER RIGHTS ACT OF 1998 (WHCRA) ANNUAL NOTICE

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedemas? Call your Plan Administrator for more information.

## NEWBORN AND MOTHERS HEALTH PROTECTION ACT

The Newborn and Mothers Health Protection Act has set rules for group health plans and insurance issuers regarding restrictions to coverage for hospital stays in connection with childbirth.

The length of stay may not be limited to less than: 48 hours following a vaginal delivery OR 96 hours following a cesarean section.

Determination of when the hospital stay begins is based on the following:

- For an in the hospital delivery: The stay begins at the time of the delivery. For multiple births, the stay begins at the time of the last delivery.
- For a delivery outside the hospital (i.e. birthing center): The stay begins at the time of admission to the hospital.

Requiring authorization for the stay is prohibited. If the attending provider and mother are both in agreement, then an early discharge is permitted.

Group Health Plans may not:

- Deny eligibility or continued eligibility to enroll or renew coverage to avoid these requirements.
- Try to encourage the mother to take less by providing payments or rebates.
- Penalize a provider or provide incentives to a provider in an attempt to induce them to furnish care that is not consistent with these rules.

These rules do not mandate hospital stay benefits on a plan that does not provide that coverage. The group plan is not prohibited from imposing deductibles, coinsurance, or other cost-sharing related to the benefits.

## NOTICE OF PATIENT PROTECTIONS

The Plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your plan administrator.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from Duval County Public Schools or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a healthcare professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your plan administrator.
